For significant transactions and events that have material effect, the Company's Directors selected and applied significant accounting principles and policies within the framework of IAS1: Presentation of Financial Statements in preparation and presentation of financial statements that have been consistently applied throughout the year and were also consistent with those use in earlier years.

For proper understanding of the financial statements, accounting policies set out below in one place as prescribed by the IAS1: Presentation of Financial Statements:

### Assets and Basis of their Valuation

#### 3.01 Property, Plant and Equipment

##### 3.01.1 Recognition and Measurements

These are capitalized at cost of acquisition and subsequently stated at cost less accumulated depreciation in compliance with the benchmark treatment of *IAS 16 "Property, Plant and Equipment"*. The cost of acquisition of an asset comprises its purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use inclusive of inward freight, duties and non-refundable taxes.

In a situation where it can clearly be demonstrated that expenditure has resulted in an increase in future economic benefit expected to be obtained from the use of the fixed assets, the expenditure is capitalized as an additional cost of the assets.

Cost also includes initial estimate of the costs of dismantling, removing the item and restoring this site (generally called asset retirement obligation) are recognized and measured in accordance with IAS 37: Provision, Contingent Liabilities and Contingent Assets.

On retirement or otherwise disposal of fixed assets, the cost and accumulated depreciation are eliminated and any gain or loss on such disposal is reflected in the statement of comprehensive income which is determined with reference to the net book value of assets and the net sales proceeds.

##### 3.01.2 Maintenance Activities

Expenditure incurred after the assets have been put into operation, such as repairs & maintenance is normally charged off as revenue expenditure in the year in which it is incurred.

##### 3.01.3 Subsequent Cost

The Cost of replacing part of an item of property, plant & equipment is recognized in the carrying amount of the item if it is possible that the future economic benefits embodied within the part will flow to the company and its cost measured reliably. The cost of the day-to-day servicing of property and equipment are recognized in the Statement of Profit or Loss and Other Comprehensive Income as repairs and maintenance where it is incurred.

##### 3.01.4 Depreciation on Tangible Fixed Assets

As required in Paragraph 43 of IAS-16 Property and Equipment, depreciation in respect of all fixed assets is provided to depreciate the cost of the assets after commissioning, over their expected useful economic lives in accordance with the provision of IAS 16 "Property, Plant and Equipment".

Depreciation on all other fixed assets except land and land development is computed using diminishing balance method in amount sufficient to write-off depreciable assets over their estimated useful life. Depreciation has been charged on additions and when it is used. Expenditure for maintenance and repairs are expenses; major replacements, renewals and betterment are capitalized.

The cost and accumulated depreciation of depreciable assets retired or otherwise disposed off are eliminated from the assets and accumulated depreciation and any gain or loss on such disposal is reflected in the Statement of Profit or Loss Account for the year ended. The annual depreciation rates applicable to the principal categories are:

<b>Category of Fixed Assets</b>	<b>Rate of Depreciation</b>
Land & Land Development	0%
<b>Factory:</b>	-
Factory Building & Other Construction	5%
Plant & Machinery	10%
Office Equipment	10%
<b>Head Office:</b>	-
Office Building/Decoration	10%
Office Equipment	10%
Office Equipment - Branch	10%
Motor Vehicle	15%
Furniture & Fixture	10%
<b>Intangible Assets:</b>	
Software	15%

### 3.01.5 Impairment

The carrying amounts of property, plant and equipment are reviewed at each balance sheet date to determine whether there is any indication of impairment loss. If any such indication exists, recoverable amount is estimated to determine the extent of the impairment loss, if any, impairment loss is recorded on judgmental basis, for which provision may differ in the future years based on the actual experience.

### 3.02 Capital Work-in-Progress:

Capital work-in-progress is stated at cost. These expenditures will be capitalized and recognized as items of Property, Plant and Equipment when they are ready for intended use.

### 3.03 Intangible Assets

#### (i) Recognition and Measurement

Revenue is measured at the fair value of consideration received or receivable. Revenue recognized when the policies are made.

The Company recognizes as revenue the amount that reflects the consideration to which the Company expects to be entitled in exchange for goods or services when (or as) it transfers control to the customer. To achieve that core principle, this standard establishes a five-step model as follows:

- Identify the contract with a customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contract; and
- Recognize revenue when (or as) the entity satisfies a performance obligation.

##### (a) **Electrical Cables, Wires and Conductor**

Revenue on sell of electrical cables, wires and conductors is recognized when products are despatched to customer that is when the significant risk and rewards of ownership have been transferred to the buyers, recovery of consideration is probable, the associated cost and possible return of goods can be estimated reliably.

##### (b) **Interest**

Interest on FDR is recognized when interest is accrued.

##### (c) **Foreign Exchange Gain**

Foreign Exchange gain is recognized when gain is accrued and realized.

##### (d) **Royalty Income**

Royalty income is recognized when and only where the logo/trade mark/patent of BBS Cables PLC is used by BBS Cables (Unit-2) Ltd.

(e) **Dividend**

Dividend income is recognized when the company's right to receive payment is established.

(f) **Other Revenues**

Other revenues are recognized when services are rendered and bank interests are earned.

3.09 **Inventories**

In compliance with the requirement of **IAS 2 "Inventories"**, inventories are stated at the lower of cost and net realizable value.

Inventories consisting of raw materials, work in progress, finished goods are valued at a lower of cost and net realized value. Cost of inventories include expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. Cost of inventories is determined by using the following basis:

**Raw materials:**

Purchase costs on a weighted average basis;

Finished goods and work-in-progress:

Costs of direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity;

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. Provision is made if necessary, for obsolete and slow-moving items.

3.10 **Foreign Currency Transactions**

Transaction in Foreign Currencies are measured in the functional currency of the company and are recorded on initial recognition in the functional currency at the spot exchange rate ruling at the transaction date.

At the end of each reporting period in compliance with the provision of IAS 21: The Effect of Changes in Foreign Exchange Rates-

- (a) Foreign currency monetary items are translated using the closing rate;
- (b) Non-monetary items that are measured in terms of historical costs in a foreign currency are translated using the exchange rate at the date of the transaction;
- (c) Non-monetary items that are measured at fair value in a foreign currency is translated using the exchange rate at the date when the fair value is determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rate different from those at which they were translated on initial recognition during the period or in previous financial statements is recognized in profit or loss in the period in which they arise.

3.11 **Financial Instruments**

(a) **Financial Assets**

On initial recognition, a financial asset is classified as measured at: amortized cost, or FVTPL. Financial Assets are not reclassified subsequent to their initial recognized unless the company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Financial assets include advance, deposits & prepayments, accounts receivable, investment, and cash and cash equivalents.

(i) **Advance, Deposits & Prepayments**

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads. Deposits are measured at payment value. Prepayments are initially measured at cost. After initial recognition, prepayments are carried at cost less charges to profit & loss account.

(ii) **Accounts Receivables/Trade and Other Receivables**

Trade & other receivables represent the amounts due from customers for delivering goods or rendering services. Trade and other receivables are initially recognized at cost which is the fair value of the consideration given in return. After initial recognition these are carried at cost less impairment losses due to non-collectability of any amount so recognized.

(iii) **Investment**

Investment comprises of fixed deposit maturity of more than three months which are available for use by the company without any restriction. The company has positive intent and ability to hold investment in fixed deposit receipts-FDRs investment to maturity, and such financial assets are classified as held to maturity. These assets are initially recognized at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at amortized cost using effective interest method.

(v) **Cash and Cash Equivalents**

Cash and cash equivalents comprise cash in hand, cash at bank and fixed deposits having maturity of less than three months which are available for use by the company without any restriction.

(b) **Financial Liabilities**

A financial liability is recognized when its contractual obligations arising from past events are certain and the settlement of which is expected to result in an outflow from the company of resources embodying economic benefits. The company initially recognises financial liabilities on the transaction date at which the company becomes a party to the contractual provisions of the liability.

The company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired.

Financial liabilities include trade payable and liabilities for expenses, interest bearing borrowings and payable and accruals.

(i) **Trade payable and liabilities for expenses**

The company recognizes trade payable and liabilities for expenses when its contractual obligation arises from past events are certain the settlement of which is expected to result in an outflow from the entity of resources embodying economic benefits.

(i) **Interest bearing borrowings**

Principal amounts of the loans and borrowings are stated at their amortized amount. Borrowings repayable after twelve months from the date of statement of financial position are classified as non-current liabilities whereas the portion of borrowings repayable within twelve months from the date of statement of financial position, unpaid interest and other charges are classified as current liabilities.

(ii) **Payables and Accruals**

Payables and accruals are recognized at the amount payable for settlement in respect of goods and services received by the Company.

3.12 **Equity Instruments**

Ordinary shares are classified as equity. Investment costs directly attributable to the issue of ordinary shares are recognized as expenses. Paid up share capital represents total amount contributed by the shareholders and bonus shares issued by the Company.

### 3.13 **Derivatives**

The company is not a party to any derivative contract at the statement of financial position date, such as forward exchange contract, currency swap agreement or interest rate option contract to hedge currency exposure related to import of raw materials and others or principal and interest obligations of foreign currency loans.

### 3.14 **Share Capital**

Paid up capital represents total amount contributed by the shareholders and bonus shares, issued by the Company to the ordinary shareholders. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding up of the Company, ordinary shareholders rank after all other shareholders and creditors and are fully entitled to any residual proceeds of liquidation.

### 3.15 **Dividend to the Equity Holders**

The Company recognizes a liability to make cash dividend when the distribution is authorized and the distribution is no longer at the discretion of the Company. As per the corporate laws in Bangladesh, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

### 3.16 **Finance and Other Costs**

Finance cost and other cost are recognized on accrual basis.

### 3.17 **Lease Liability**

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of use asset is initially measured at cost, and subsequently at cost less any accumulated depreciation and impairment losses, and adjusted for certain re-measurements of the lease liabilities.

### 3.18 **Taxation**

Income Tax expense comprises current and deferred taxes. Income tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity in accordance with IAS 12: Income Tax.

#### (a) **Current Tax:**

Current Tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous periods. The tax rate used for the reporting period was 1% based on Turnover as per Income Tax Rules.

#### (b) **Deferred Tax:**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and are accounted for using the Statement of Financial Position as liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. BBSCPLC recognized deferred tax liabilities for all taxable temporary differences.

(c) **Value Added Tax:**

Revenues, expenses and assets are recognized net of the amount of Value Added Tax except: Where the value added tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the value added tax is recognized as part of the cost of acquisition of the asset or as part of the expense item as applicable; and Receivable and payables that are stated with the amount of value added tax included.

The net amount of value added tax recoverable from, or payable to, taxation authority is included as part of receivables or payables in the statement of financial position.

3.19 **Earnings Per Shares**

The Company calculates Earnings per Share (EPS) in accordance with IAS-33 "Earning per Share", which has been shown on the face of Statement of Profit or Loss and other Comprehensive Income, and the computation of EPS is stated in the note no. 35.00.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average no of ordinary share outstanding for the effect of all diluted potential ordinary shares

**Basic Earnings:**

This represents earnings for the year attributable to the ordinary shareholders. As there was no preference dividend, minority interest or extra ordinary items, the net profit after tax for the year has been considered as fully attributable to ordinary shareholders.

**Weighted Average Number of Ordinary Shares Outstanding during the year:**

Computation of weighted average number of ordinary shares is not required during the current year, as number of shares outstanding has not been changed during the year under review.

**Basic Earnings per Share:**

This has been calculated by dividing the basic earnings by number of ordinary shares outstanding during the year.

3.20 **Capitalization of Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds as per IAS 23: Borrowing Costs.

3.21 **Accruals, Provisions and Contingencies**

(a) **Accruals**

Accruals are liabilities to pay for goods or services that have been received or supplied but have not been paid, invoiced or formally agreed with the supplier, including amounts due to employees. Accruals are reported as part of trade and other payables.

(b) **Provisions**

A provision is recognised in the statement of financial position when the company has a legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provision is ordinarily measured at the best estimate of the expenditure required to settle the present obligation at the reporting date. Where the company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain.

(c) **Contingencies**

**Contingent Liability:**

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are not recognized in the statement of financial position of the Company. Moreover, contingencies arising from claims, litigations, assessments, fines, penalties, etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

**Contingent Asset:**

Contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Company does not recognize contingent asset and has a single business line of products i.e., manufacturing and selling of cables & wires.

3.22 **Operating Segments**

No geographical segment reporting is applicable for the company as required by IFRS 08: Operating Segments as the Company Operates in a single geographical area.

3.23 **Cash and Cash Equivalents**

For the purposes of the Statement of Financial Position and Cash Flows, cash in hand and bank balances represents cash and cash equivalents considering the *IAS 1 "Presentation of Financial Statements"* and *IAS 7 "Cash Flow Statement"* which provide, that cash and cash equivalents are readily convertible to known amounts of cash and are subject to an in significant risks of changes in value and are not restricted as to use.

3.24 **Statement of Cash Flows**

The Statement of Cash Flow has been prepared in accordance with the requirements *IAS 7: Statement of Cash Flows*. The cash generated from operating activities has been reported using the Direct Method as prescribed by the Securities and Exchange Rules, 2020 and considering the provisions of *Paragraph 19 of IAS 7* which provided that "*Enterprises are Encouraged to Report Cash Flow from Operating Activities Using the Direct Method*".

3.25 **Related Party Disclosure**

As per International Accounting Standard, IAS-24: 'Related Party Disclosures', parties are considered to be related if one of the parties has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. The Company carried out transactions in the ordinary course of business on an arm's length basis at commercial rates with its related parties. Related party disclosures have been given in **Note 28.00**

3.26 **General**
